

Steam cleaner with steam, vacuum and detergent functions for heavy duty and multi purpose cleaning and disinfection

Steam, Detergent and Vacuum steam cleaner unit. The SDV range offers detergent injection in addition to the normal steam cleaning effect - useful for encrusted stains and for additional sanitisation. The vacuum pick up ensures that areas are quickly dry and ready for use.

SDV4500 is a commercial 4.5 bar pressure steam cleaning machine made from a stainless steel construction body. This machine is ideally suited for small cleaning tasks and lighter usage eg. less than 6 hours per day.

SDV8000 is a powerful 8 bar commercial steam cleaning machine is made from a stainless steel construction for extra durability and high performance. With its integral vacuum system, steam cleaning becomes highly efficient leaving the surfaces clean and dry. Both SDV4500 and SDV8000 are environmentally friendly and have been certified in killing many super bugs including MRSA.

- Stainless steel frame and cabinet.
- Continuous fill boiler.
- Steam control
- Automatic safety shut off.
- Clear pressure display.
- Locking front castors.
- Simple operator controls.
- Wet pick up recovery.
- Detergent delivery
- SDV8000 Qualifies for up to 28% government cashback under the new ECA Water Technology Product List in UK.
